

# EXPORT BIOMOLECULAR BTOX

## Method of use

### STEP 0 – Hair Diagnose

- Hair repair treatment with mirror shine
- Recommended to repair, nourish and eliminate frizz (does not straighten)
- Suitable for all hair types (straight, wavy, curly, etc.)
- Result: Instagram hair with instant shine and extra silky touch

### STEP 1 – Deep Cleansing Shampoo

- Wash hair with the shampoo and leave on for **5 minutes** (exactly)
- Rinse with plenty of water
- Repeat this process 2 or 3 times minimum, until the hair is very clean and has an almost rough touch
- Remove dampness with a towel (**Do not use a hairdryer**)
- Tips for a perfect wash:
  - Do not rub hair roots too much
  - Massage the entire length of hair
  - Pay special attention to the back of the neck

### STEP 2 – Biomolecular BTox (Ampoules K y H are optional)

- Use gloves, a bowl and a palette
- Add **30g** of the product in the bowl
- Mix with other Export products to achieve an:
  - Extra repairing result: add **3ml of the ampoule K of keratin** and mix
  - Extra shiny result: add 3ml of the ampoule H of hyaluronic acid and mix
  - Extra hydrating result: add 3 drops of Export Hair Oil
- Make partitions on damp hair

- Apply the treatment with the pallet, grabbing fine locks of hair
- Start with the back of the neck at 1 cm of the root
- Use enough product to cover all the lock
- Run a fine comb to remove the excess
- The exposure time is **30 minutes**
- Rinse hair only with water, removing all the product
- Detangle hair, make partitions and divide hair in fine locks
- Grab a comb and start drying with a hairdryer
- **Make a perfect brushing**, starting on the back of the neck and pull the hair locks, until it is fully dried and well-aligned
- Prepare the straightener between 180-230° according to the hair:
  - Thin, bleached and damaged hair: **180°C**
  - Normal hair: **200°C**
  - Thick and resistant hair: **230°C**
- Make partitions and divide hair in fine lock in order to straighten it
- Start on the back of the neck and run **7-12 times** each lock according to the type of hair
- In very damaged ends, run less times
- Finish with **Export Hair Oil** at the ends

### TIPS – Last Recommendations

- It is possible to wash the same day with a shampoo without salt (Sodium Chloride)
- For longer lasting results, use the **Export Home Care** line
